

YOUR PROJECT CARGO SPECIALIST

ABOUT US

Express Shipping and Logistics East Africa Ltd (ESL) was founded in 2001, starting its operations at the port of Mombasa. We are the leading shipping services provider in East Africa.

Over the years ESL has grown from strength to strength.

We provide integrated end-to-end logistics services, customized to meet our customers needs.

We operate in the East African Ports of Mombasa, Tanga, Mtwara, Dar Es Salaam, Zanzibar and Lamu, Worldwide we are members of Project Cargo Network (PCN) and International Freight Association (IFA).

**PROJECT
CARGO**

OVERVIEW

ESL has undertaken a number of complex logistics with systematic organization, innovation and attention to detail.

ESL Project Cargo offers optimal project logistics including customized transfer of machinery, engineered solutions, and multimodal movement of out-of-gauge heavy equipment.

We have worked with customers in the East Africa region in mining, construction, energy, and petrochemical industries.

Our Project Cargo team is proficient in handling shipments for industrial, construction and infrastructural installations. We have capability to handle and plan from different points of departure to single and multiple destinations.

We implement all projects based on timelines and articulate planning. We involve all stakeholders to ensure completion within the project life cycle.

With Methodical organization and tailored solutions, ESL Project Cargo offers finest project logistics within East Africa.

We work with you to ensure we deliver your project to the specification you require.
